

Reagan Library Topic Guide – Select Speeches of President Ronald Reagan

Reagan Library topic guides are created by the Library staff from textual material currently available for research use. Material cited in the topic guides come from these collections:

[White House Staff and Office Collections](#)

White House Office of Records Management (WHORM) [Subject Files](#)

White House Office of Records Management (WHORM) [Alphabetical Files](#).

An overview of the entire Reagan Presidential Collection is available in the [Guide to Holdings](#).

The folders and case files listed on these topic guides may still have withdrawn material due to Freedom of Information Act (FOIA) restrictions. Most frequently withdrawn material includes national security classified material, personal privacy issues, protection of the President, etc.

Scope Note

The following material concerns selected speeches requested under the Freedom of Information Act (FOIA) by various researchers. This guide lists all of the open material about particular speeches in the chronological order the speeches were given.

As of June 4, 2009, the Library has opened for research use the entire collection of Speech Drafts and the entire collection of Speech Research. The White House Office of Records Management Subject File for speeches (SP) is also completely open for research. Speeches should be accessed via these collection inventories rather than by individual speeches.
